LEFT TURN PLAN RECOMMENDED BY COMMITTEE

Auto Club Group Considers
Test Successful Officials
Differ in Opinions

A test of the new left turn plan proposed for local automobile traffic at street intersections in the business district was held last night. The plan was recommended by a committee representing the Marion Auto Club.

Active men record crippling pain

"HAD TO BE CARRIED LIKE A BABY"

Quickly put on feet again by
simple home treatment

Laid up for two weeks with an attack of rheumatism or neuritis in the legs, a Canadian writes all the way from Montreal, N. B., to tell of the quick relief he got when he began using a simple, old-fashioned home remedy.

"I could not walk for two weeks," he writes. "I had to be carried around like a baby. But one bottle of Sloan's Liniment put me on my feet again."

Sloan's gives real help to all kinds of muscular pain because it stirs up your body's own cumulative forces to drive out the germs and poisons that cause the trouble. Just put it on lightly—and a healing tide of fresh, germ-destroying blood is sent tingling through the pain-ridden tissues. No rubbing! It's the medicine itself that does the work.

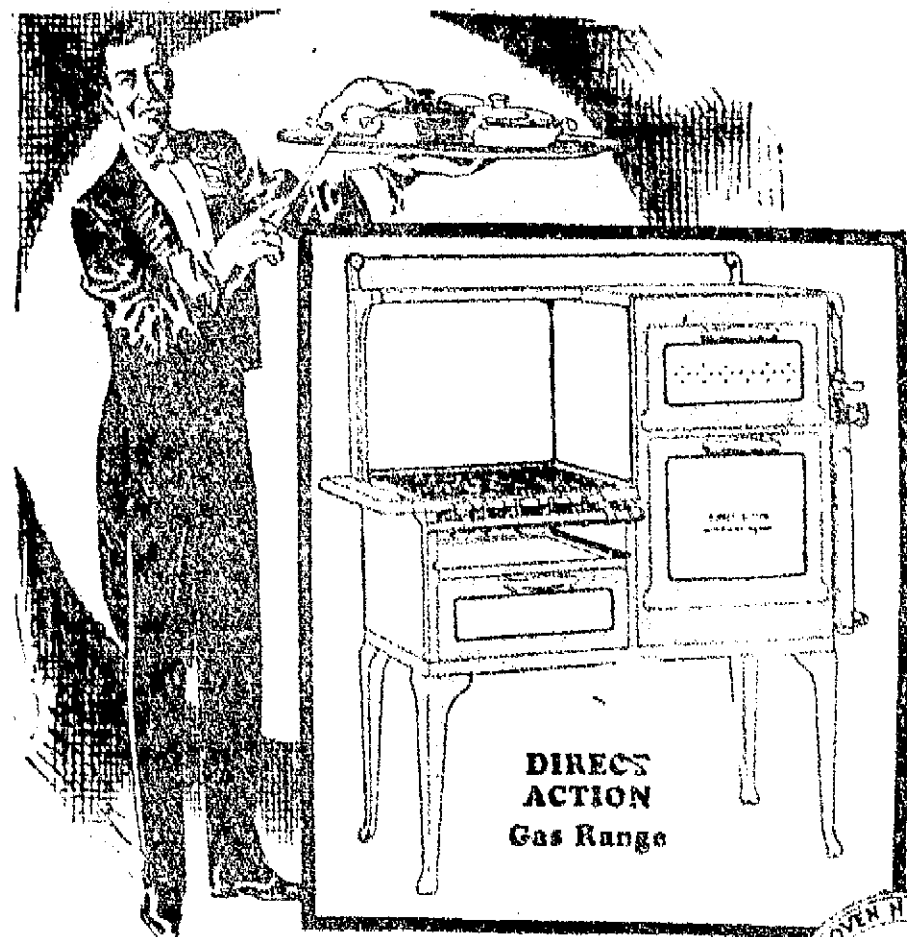

Soon the swelling and inflammation go down. The aching stops. Almost suddenly you find yourself really free from pain, really comfortable at last. Get a bottle today and have it on hand. All druggists—35 cents.

PAPER HANGING

Done NOW can be done with less muss and confusion than in the spring rush season. More people every year are having their work done at this time and avoid the long wait during the rush season.

HARDWARE

There is a difference of opinion among city officials and other persons who witnessed the test. Fire Chief McFarland believed that the present plan is preferable and Mayor Hazen, while not disapproving the proposed new system, is opposed to making a change on the grounds that local motorists have become thoroughly familiar with the rules now in force and that a revision would create needless confusion and complications.

Opinions Differ

The committee will report to the auto club board of directors and the board will decide whether it will sponsor the new plan and urge City Council to amend the local traffic code accordingly.

The proposed new left turn rule is one said to be generally used in practically all of the larger cities. Comparatively few cities it is claimed, follow the plan in effect in Marion, with the result that tourists passing through here are frequently confused by lack of familiarity with the local rule.

Proposed Change

Should the change be made here, the new rule would permit autos to make the left turn immediately after reaching the signal light standards instead of standing to the right of the standards and waiting until the "go" light flashes, as required under the present regulations.

This plan, it is claimed eliminates delays in traffic which are now caused by machines being required to stand at the intersections where the street at the left is clear and there are absolutely no obstacles to prevent making the turn. The fact that these unnecessary delays would be eliminated and that the proposed new plan conforms to rules in effect in nearly all other cities are the two main points of argument in favor of its adoption.

Truck Test

The police department touring car, a Master Six Buick sedan, and a large truck from the Merchants' Transfer Co. were used in yesterday's demonstration.

It had been predicted that the proposed new left turn system would not be practicable here because trucks and large touring cars and sedans would be unable to make short turns at the signal light standards without creating serious traffic complications. When the new left turn system is successfully used, it was claimed, the signal lights are overhauled.

The Auto Club committee and several city officials who witnessed yesterday's demonstration assert, however, that the test showed that trucks and other large motor vehicles can make the turn without difficulty.

Others who witnessed the demonstration express opinions to the contrary, and as a consequence it is expected that should the proposed traffic change finally come before City Council for a vote, an interesting controversy will develop.

INTERNATIONAL TOURNEY

An international sports tournament along the lines of the Olympic Games is to be conducted in the big Stadium in Copenhagen next July under the auspices of the Young Men's Christian Association. Many countries are expected to be represented.

HOCKING VALLEY GROUP ATTENDS FOSTORIA MEET

Four Marion Men at Session of Freight Claim Prevention Committee

Supervisor F. A. Sparks of this district, the Hocking Valley Railroad, and other Marion men, attended the session of the Freight Claim Prevention Committee at Fostoria, Ohio, today.

All officials and freight agents from various cities and villages along the Hocking Valley Railroad Division were present at the meeting.

General discussions on topics pertaining to claims presented from various sources on the division were held. All took part in these discussions and the results were given the "go-over."

The next meeting of the freight claim prevention committee will probably be held in the local Hocking Valley office.

Largest Revenues

Total railway operating revenues of the Pennsylvania Railroad for 1923 amounted to \$109,817,000, the largest in the history of the company with the exception of 1922, which was only about \$11,000,000 greater, an editorial in the Pennsylvania News stated today.

The net railway operating income of \$10,415,000 was the largest ever recorded in any year. This increase in net was \$5,325,000 over 1922, the previous high mark.

Record Breaker

The Toledo Division of the Pennsylv-

ania Railroad, of which Marion is a part, set a record of breaking records.

Starting out the new year by being among the leaders in the Western Division, the Toledo Division has broken records this year for others to shoot at.

From 32,000 in 1922 will be a better year for the Toledo Division, which started out in January by breaking all records for cars purchased to complete the division.

Alleged failure of Youngstown police to solve various crimes, ranging from violation of liquor laws to possible drug peddling, has been going on for a month, according to an announcement of U. S. District Attorney here today.

Children's Sore Throat

Mothers know that children's sore throats are serious, often leading to tonsillitis, scarlet fever or diphtheria. Also that it is hard to treat because the usual remedy is a gargle and children cannot gargle.

A famous physician's prescription called Thymine works on new principle—goes direct to the cause not reached by gargles and patent medicines and brings relief within 15 minutes or money back.

And the remarkable thing about it is it contains no iron, chloroform or dope—harmless and safe, pleasant taste. Remember, relief within 15 minutes or money back. 50c, 60c and \$1.00. Sold at Bradley's Drug Store, Weinert's and all good drug stores.

MOTHER-IN-LAW SLAYER ESCAPES DEATH CHAIR

Verdict of Second Degree Murder Returned Against Harold F. Webster

Manassas, N. Y. Feb. 18.—Harold F. Webster, dapper young former Florida real estate salesman who clubbed his mother-in-law, Mrs. Catherine Galloway, to death with an iron bar, has escaped the electric chair.

A jury, after seven hours and 32 minutes deliberation, found him guilty of murder in the second degree early today. He had been charged with murder in the first degree in the indictment.

Webster seemed relieved when the verdict was announced. Judge Smith told him he was a fortunate man to escape the electric chair.

"Yes, sir, I am," replied Webster.

The only sentence Webster can receive under the law is 20 years to life imprisonment.

Webster's wife, who had told the jury her love for her husband was dead, was not in the courtroom when the verdict was announced. Neither was his mother, Mrs. Alice Garrison, who broke down yesterday. When told of the verdict she cried and said:

"Thank God, my boy is saved."

Webster was arrested in 1932 after a fight with his mother-in-law in a rooming house in Manassas. He was charged with murder in the first degree.

STUBBORN, UN-SIGHTLY PIMPLES ON FACE AND BACK

SKIN now clear and smooth

Douglas, Md., July 13.—"Three or four years ago, my face and back broke out with pimples and blackheads. When I picked or pressed them they would get very sore and burn. I used several kinds of cold cream, but none of them helped a bit. Then I happened to see your advertisement and thought I would try Resinol Soap and Resinol Ointment. Within a few weeks I had not a pimple or blackhead at all and now my face is nice and smooth. I have also found Resinol Soap very refreshing after coming in out of the sun or wind." Daily Proverb—"Trust not a woman when she weepeth, for it is her nature to weep when she wanteth her will."

It is announced that "The Captive" has succumbed to the ruthless tactics of the New York police.

England may have her dole, but let us not jolly ourselves prematurely that we are better off than she. We may soon have a price-fixing law.

The Columbus Dispatch points out that, should the Ohio legislature resort to the plan to collect vital statistics through a politically-controlled organization, the federal health authorities probably would refuse to accept them just as they did before. But why limit the proposition to the federal authorities?

We refuse to credit the story that Henry Ford is bored by his almost unimaginable riches. Anyway, we are not by ours.

The Canton police department signal operator has testified that twenty-two minutes elapsed before there came any response to the signal sent out by her on the death of Don R. Mellett, and that she received but that one response. One might almost suspect that the police department over there wasn't deeply interested in murder flashes that night.

France refuses to take part in the proposed disarmament conference. Maybe she has acquired the idea that it was called looking to the payment of war debts.

"Almae McPherson," says the Washington Star, "has managed to assert herself as a new kind of speaker who compels interest while men of higher position and far more reputation find their remarks comparatively neglected." That's usually the way. The sensational speakers almost invariably attract the intellectual voids.

Queen Marie, of Roumania, is right in assuming that fairy tales are popular over here, but we do not honor nearly so many of them as we did before Mr. Volstead got in his work on the country.

There's simply no telling to what extremes our courts may go. One out in Illinois has taken from Birger, the gangster, the machine gun with which he was supplied to protect himself while in jail.

Youthful Criminals.

In the opinion of this paper, the time is not far distant when the plea, "he's only a boy," will entirely have lost its popularity as a defense, or excuse, whichever the reader may prefer, for crime. Crime conditions in this country have changed markedly during the past four or five years. Statistics show that the crimes of today are perpetrated in large part by youths. The overwhelmingly large percentage of our criminals of today may be classed between the ages of sixteen and twenty-four. The probable explanation is that those of more mature years realize that there is nothing in a criminal life; that crime doesn't pay. There are exceptions to this rule, of course, but it is the rule.

Our attention is especially called to this by the awful crime of the sixteen-year-old fiend who this week killed a young mother and her five-year-old son near Conneaut. It so happened that the same day the wires carried the story of the murder they also told of the holding-up of a Brooklyn grocery by a girl of high-school age—possibly sixteen—who secured \$191, and the deliberate murder of a New York merchant who was shot in the back by a twelve-year-old boy, who then robbed the merchant's cash register.

The crime of the Brooklyn girl, of course, is not to be compared with that of the New York boy, but it might have been had resistance been offered. And the crime of the New York boy was without the fiendish features of that of the slayer of the Conneaut mother and her little son, but it was decidedly more deliberate and cold-blooded. But the three crimes carried the same day will illustrate that youth and crime are traveling hand in hand.

We haven't a doubt but what the clemency shown youth in the past for crimes committed was the seed from which has sprung the awful surge of youthful crime which we are experiencing today. It has been augmented, it is true, in many ways, but the many cases in which boys and girls have escaped because of their youth the punishment they deserved can not have done other than caused other boys and girls to have resorted to crime.

It may seem cold-blooded to some, but the day may come when it will be held that the boy or girl old enough to commit a cold-blooded murder or one, in the heat of passion, that is fiendish in every way, is old enough to be punished for it in just the same way as would be one of mature years. It is recognized that people are living longer under present-day conditions than they did two or three decades ago. It must soon be recognized that we are growing older in the other direction sooner than we formerly did; that we are developing, for good or for bad, these days, five or six years sooner than did the youth of twenty or thirty years ago.

Why Communism Is Losing Out.

It is through James O'neal, labor historian and editor of the Rand School of Social Science, of New York City, that it has become known how the recent statistics, showing how the communistic element in this country has decreased from 35,000 in 1919 to between 5,000 and 7,000 today, were secured. In a recent statement he divulged that the communists in America made the mistake of sending a secret agent of the United States government and Scotland Yard, Joseph Novosvitsky, to represent the "underground" communistic movement in America at the secret meeting of the Third Internationale held in Amsterdam.

According to O'neal, a second delegate chosen for the mission was Louis C. Fraina, secretary of the American Communist party and editor of the Revolutionary Age, who sailed from this country for Europe with a false passport, after he had been secretly tried in 1920 by Ludwig C. A. K. Martens, self-styled "Soviet Ambassador," on a charge of being in the pay of the department of justice. He was acquitted on evidence furnished by Novosvitsky, who acted as his counsel, and who later related how he tricked Fraina, learned of the secret information in his possession and transmitted it to the British and American authorities.

This is the explanation of how the knowledge of the marked decrease of communism in this country became known. Explanation of the falling-off in the ranks of communists from 35,000 to from 5,000 to 7,000 is hardly necessary. Communism thrives in times of depression and want. It simply can not thrive in times of prosperity and plenty, such as we have been experiencing in recent years. When people own their homes, which are better fitted and furnished than ever before in the world's history; when they and their families are better dressed than ever before; when they live better than ever before and get more pleasure and enjoyment out of life; when millions upon millions of them have money in banks and building and loan companies; when millions of them—one-fifth of the entire population—drive about in their own cars—then there is little chance for communism to make much headway. These are the conditions under which communism doesn't thrive. There is no enemy of communism as mighty as contentment, and the people of the United States more nearly approach a condition of contentment today than they ever before did in our history.

The British holders of confederate bonds to the face value of \$15,000,000 want our government to use its surplus to reimburse them. In a word, they want this government to pay them \$15,000,000 and accumulated interest to reimburse them for the money they loaned the enemies of this government, who were trying to overthrow it.

By the light of kerosene lamps and electric flashlights, hundreds of men worked through four days and nights, using drills and dynamite, to rescue a dog entombed while chasing a fox by the shifting of a ledge of rocks in a cave near Woodruff, South Carolina. Here's a chance for some real dog lover who has the ability to write a classic.

The McNary-Haugen bill, should it become a law, will afford double relief. It will relieve the farmers from worry of what price he will get for his grain and relieve the rest of us of our coin.

When members of congress get into a frame of mind in which they beat up each other at committee hearings, imagine the treatment witnesses are liable to receive. So long as members of congress are such as those who have so signally disgraced the country recently, no citizen of even ordinary decency should be required to appear at committee hearings.

Dry leaders are claiming that medicinal liquor finds its way into perfectly well stomachs, but we refuse to believe it. They must be suffering from at least a craving.

The printing business of the United States amounted to \$2,269,638,230 during the year but recently closed, half of which was that of newspapers. And yet some people will still be inclined to smile at our references to the great riches being amassed by hard-working spreaders of joy and sunshine in paragraphs.

"Among the Americans who have met with a 100 per cent. success in seeking the quiet of private life after holding office," says the Louisville Times, "is Magnus Johnson." Possibly so, but it's simply impossible to reconcile our impression of Magnus in connection with anything partaking of quiet.

As the result of a bird census taken by the Seattle Audubon society, it is announced that the trend of bird life is to the cliffs. Naturally! The birds are not so liable to be shot up in the cities as out in the country, saving and excepting, of course, those which commit the awful folly of locating in Chicago.

"But if a man can not announce his intention of moving back north and give his reasons for so doing down in Florida without being arrested," asks the Columbus Dispatch, "what becomes of the right of free speech down there?" Huh! He wasn't arrested for talking. His offense was threatening violence to the tradition that nobody ever leaves Florida after once having lived there.

Vagrant Verse.

ANOTHER SHIP COMES IN.

Out of the vast etheral sea,
Out of the East where time is born,
And through the tidal flow of morn
A sun-girt ship comes in to me.

Its freight is more abundant life—
Life bearing Faith upon its crest,
Life wearing Hope upon its breast,
And hands of Peace to quiet strife.

It brings me back old memories
Of childhood's candid innocence,
Of morose youth's vain offense,
And manhood's vain epiphanies.

Those homing thoughts of yesteryears
Introduce me not as that command
My captain makes with beckoning hand,
That cheers my heart and stills my fears.

It means another span of grace
In which to ransom wasted time,
And do some service near sublime
To win the radiance of this face!

Ways To Avert Stomach Trouble.

BY ROYAL S. COPELAND, M. D.

A lady living far away asked me to write about "nervous stomach trouble." The victim, her husband, is a barber, who tires easily and suffers from belching and gas. There is pain in the stomach, and great unhappiness, of course.

These symptoms, given at long range, mean little to a doctor. Why?

They may be of little importance, indicating merely that the sufferer does not select his food as he should. They may indicate chronic constipation, with intestinal fermentation, or they may be caused by a mouthful of bad teeth. They may mean gallstones, ulcer of the stomach, or other even more serious diseases.

Of course, the last sentence is disturbing. It may cause a few sleepless nights. I don't want to mean anything except to serve as a warning to see your doctor.

If such symptoms as these described persist in spite of the ordinary measures of healing, it is time to find out what really is the matter. Whatever that may be, it is probable the right treatment will bring complete relief.

I hate to see anybody suffer from persistent stomach trouble. Heartburn, belching, bloating, distress in the stomach, vomiting and all the rest of the annoying symptoms, are enough to make a wreck of the strongest man.

"Nervous dyspepsia" is the common name for most of the cases of chronic indigestion. If the condition lasts long enough, anybody having it will be a nervous wreck.

But, of course, indigestion of this type is very unlikely to have a nervous origin. The "nervousness" is secondary.

Let me make a few comments on what to do in a case like this:

First of all, see to it that the constipation is overcome. A diet of fruit, vegetables and salads will help a lot. Drink plenty of water and reduce the intake of fats and sugar.

Never eat a second meal until the stomach is fully emptied of its contents. To this end it is just as well to eat two meals a day instead of three or four. This is important and, in itself, may be sufficient to start the victim toward recovery.

A tablespoon of mineral oil, on rising in the morning and just before retiring, will help to keep the bowel free by hastening the fecal stream. Never take cathartics or salts without medical advice.

But the best suggestion I can make is to send you to your doctor for a personal examination. Then he can outline the foods and other treatment essential to your complete recovery.

ANSWERS TO HEALTH QUERIES.

R.F.D. Q. If one has epilepsy how often are the attacks liable to occur?

A.—Is there a curable skin condition?

A.—This is very uncertain, depending upon the extent of the trouble in each instance. Some persons have attacks months apart, while with others it is a matter of a few weeks.

2.—If one follows a careful diet and is sure that the intestinal tract is kept clear the condition can be cured. For full particulars send a self-addressed, stamped envelope and repeat your question.

MRS. H.W.G. Q.—My mother is sixty-five years of age and has night sweats. What causes them?

A.—What do you advise for intestinal indigestion and colic?

A.—Night sweats may be due to a number of conditions—nervousness, a generally run-down system, or a possible lung condition may all be responsible. Your doctor will advise you after examination.

2.—Careful attention to the diet and avoidance of constipation. For further particulars send a self-addressed, stamped envelope and repeat your question.—Copyright, 1927.

Dr. Copeland will answer for readers of this paper questions on medicinal, hygienic and sanitation subjects that are of general interest. Where the subject of a letter is such that it can not be published in this column, Dr. Copeland will, when the question is a proper one, write you personally if a self-addressed, stamped envelope is enclosed. Address all inquiries to Dr. Royal S. Copeland, in care of this office.

Some Questions of Interest Asked and Answered.

Q. Is the cost of living increasing or decreasing in the United States? T. M. C.

A. The semi-annual survey of the bureau of labor statistics just completed shows that the cost of living in the United States decreased 1.7 per cent. between December, 1925, and June, 1926.

Q. How can I obtain a nom de plume? B. W.

A. A writer simply assumes a pseudonym. There is no formally connected with the act.

Q. What are some of the by-products of the meat industry? A. S. C.

A. More than eighty kinds of drugs are by-products of the meat industry. Bismuth, best known as an essential for curdling milk in cheese-making, is furnished by this industry. Other by-products are: leather, fish bones, strings for tennis racquets, acid, buttons, glycerine, gelatine, candles, soap, beef extract, wool, dice, hairpins, combs, perfumes and oleomargarine.

Q. Are there poorhouses in every state in the United States? A. T. N.

A. New Mexico has no almshouses.

Q. Did Saint Paul visit Spain? H. T. S.

A. It is not known. That he desired to go to Spain is evidenced in the New Testament.

Q. Who determines the size, shape and color of postage stamps? A. U. S.

A. Postage stamps are designed by the bureau of communications and are subject to the approval of the postmaster general.

The Way of the World.

BY GROVE PATTERSON.

Before we talk loosely, inaccurately, about business conditions let's have all the facts. Factory output for the year 1926 was six per cent. greater than in 1923. And 1923 was the lowest year in the high-level period. Distribution of goods at retail and wholesale purchases was better than ever before. Income for farmers in 1926 was less than in 1925, but wages in factories were higher.

Edward S. Ames, New York preacher, says: "I want to believe that we had a beginning, that it followed a natural course of progress, that in the last great war we discovered how things can be, and that it will now become history, collapsing of its own weight."

He is one the right track in his thinking, but he will have to be patient. There may be another war or more than one. The next will be more terrible, more devastating than any has ever been. Invention of gases and new devices for wholesale destruction will destroy whole populations. It is good news that war will become more destructive. Its complete destructiveness will end it. It will, as the preacher says, collapse of its own weight.

Men still like to fight. They are not yet ruled by love. They must make war awhile. Some multitudes must yet be before mankind learns that wars upset but do not settle.

The reason for intolerance is that we have been so busy examining and harping on our differences that we haven't taken time to investigate and think about what we have in common. All men of all nationalities and creeds have so much more in common than they have "in difference." Why do we put the emphasis in the wrong place? Why not think always of the great common road we can travel, and the high level that we can all reach?

The "Ablest" American.

[Cincinnati Enquirer.]

There will never be unanimity of opinion with reference to who may have been or who now may be entitled to be called the "Ablest" American. And why should there be? America's able sons number legion—must always number legion. Possibly, for a time, some one of them may stand forth in prominence of stature superior to any of his fellows, but the law of compensation demands that the most striking among these must expect challenge of his supremacy.

Elbert Root this week celebrated his eighty-second birthday. He often has been referred to as the "ablest living American." If not really that, he may be conceded the right to be enumerated among the conspicuous leaders of thought and action of his time.

Mr. Root, preeminently, is the great lawyer—the ideal advocate—representative of the most sacred traditions of the bar of England and America. Of the type of Bolingbroke, Curran, Gratton, Hughes, Cochrane—he has done his part in making the profession of the law in America what in all ages it has aspired to be—the strong, honorable and dependable reliance of government.

In the public service the eminent New Yorker has demonstrated the value of superior abilities with, perhaps, to some minds, a too rigid exemplification of impersonal detachment. But if the achievement and proposals of Mr. Root carefully are examined and studied, it will be found that, almost invariably, they have been grounded in a basis of impregnable logic.

In the purely intellectual field, as applied to the principles of law, national and international, perhaps Mr. Root justly may be said to stand at the head of America's body of distinguished legalists. The nation delights to do him honor. At eighty-two he, along with Mr. Edison is in harness and "going strong."

Today's Worst Story.

BY WILL ROGERS

Women are the best shoppers, of course, and sometimes it makes all the men except their husbands mad to see 'em shop around and be economical. But if they wasn't careful how they spent their dough they'd catch it at home. And when they are careful they get called names for shopping around, but I reckon they don't mind that much.

One woman came into a gent's furnishing store, and she said she wanted to buy a present for an old man. Something kinda sporty, she said, because the old man liked to deck himself out with duds.

"How about one of these bright ties?" says the clerk. "This one will set the landscape afire for grampa."

"Well, it won't do. He has whiskers, and they cover up his ties, no matter how bright they are. Can't waste dough on stuff that don't show."

"Here's a dressy shirt with red and green stripes and stars in it. That ought to tickle the old gent."

"Won't do. His whiskers would hide all the shirtfront that's allowed to show anyhow. That wouldn't be an economical buy."

"A fancy vest? They goes great with the old uns."

"His whiskers would hide it. Bad buy."

"A belt with an emmeled buckle in front?" "His whiskers are too long; they'd cover it."

"How about a pair of snappy socks? Or maybe the old gent don't wear nothing but whiskers and a hat?"—Copyright, 1927.

Q. How long have ties been used for drainage? M. E. C.

A. The use of drain tiles began many centuries ago in France, but its manufacture became a lost art. Drain tiles were first used in England in 1810 and introduced into the United States in 1833 by John Johnston, who used hand-made tiles on his farm near Geneva, New York. The first drain tile machine was imported into this country in 1843.

Q. Is there such a thing as sludge acid? M.W.E.

A. The bureau of soils says that there is. Sulphuric acid when used in the petroleum industry to remove impurities is sometimes sludge acid. This sludge acid is then used with phosphate rock to make acid phosphate.

Q. Please give a brief history of Lon Chaney's career. R.F.R.

A. Lon Chaney was born in Colorado Springs, Colorado. He made his debut on the stage as a comedian in a play produced by his brother and himself. His screen career began in 1912 as a slapstick comedian in a Universal production.

Q. Has the rate of blindness among school children from what is usually known as babies' sore eyes decreased or increased? R. J. K.

A. The registration of schools for the blind during the year 1926 showed that only 11.5 per cent. of the pupils had been blinded by ophthalmia neonatorum, commonly known as babies' sore eyes. This is the lowest rate of blindness from this cause on record.

New York Day by Day.

BY O. O. MINTRE.

New York, Feb. 18.—Thoughts of strolling: Battery park and vagrant tugging at anchors. The scream of guns, the tug at liners. Dolorous boom of the buoys. Spic and span private yachts of immigrants huddled like sheep in a cage refugees for aliens. Bungalow homes, sky-scrapers facing the sea. Sanitation with passport photo signs. Seamen at pipes. Voyage baskets brightly packed with fruit.

The lower Broadway roar. And the spire of Trinity. With ivy-clad sermons at graveyard strollers. Scattered tombstones in the heavy smell of earth. Rows of men and newspapers stretched on the sidewalk. And the old men who carry banners. With bloated brokers and clack of tape messengers. The taut air of expectation. A few, bloodless faces. Still the banners on the Morgan bank buildings. The soft soft drink and quick bite parlors.

The cow-path lane of Nassau street, the luggage shops, stationery stores and traveling sidewalks. Jangling caterpillars with hour jazz orchestras. Mechanical whistles, taffy-pullers. Curly hawkers who make the spools in tired sing-song monotone.

Park row's hustle. Billiard parlors. Wine and chain clear shops with gaudy fronts and night shoe shops. Huge nickel coffee machines. The stacks of mail on the old post-office forms. A row of watch repairers with screws in their eyes—like so many gargoyles. Only the World remains along New York row. The gloom and echoing boom of the Brooklyn bridge. Women who sell apples and huge pretzels hung on spiked sticks. The line of shoeshiners. Now for a walk up Bowery.

Many famous stage beauties have struggled along with physical handicaps. A variety of the stage and screen really is a mass when short skirts served to emphasize her thick ankles and bulky calves. One of the stage circes had three front teeth knocked out when she was an obscure telephone girl at false ones bridge the gap. A noted bridge star was afflicted with a skin rash that forced her into weeks of periodical seclusion. The most celebrated, perhaps, of the show girls has a stiff wrist that prevents her using her left hand. A movie queen of enormous popularity has upper and lower false teeth.

An international gold-digger came to New York nine years ago with a blue serge suit, jam o'shanter to match, and extra sets of ties and exactly \$114. It is said that he never indulged the casual flirtations of the Broadway calls the hotel lobby girl. She never drank in public and her eyes were always cast demurely down. She was saving for important money and bagged it. By those who know her say she is about the happiest of all the girls who frequent the street.

An

\$250,000,000 Farm Relief Bill Goes to President Today

HOUSE PASSES MEASURE, TASK UP TO COOLIDGE

Political Dynamite Seen in Either Passage or Veto of Proposed Act

Washington, Feb. 18—Congress today passed the \$250,000,000 farm relief bill—on the doorstep of President Coolidge to decide.

The youngster was clothed with political dynamite and rolled loudly for a life. Mr. Coolidge was given the task of adopting the child or turning it back to congress.

Administration supporters were

sharply divided in their predictions. The majority opinion was that he will veto the bill. Those who believe in the veto denounce the bill as a price-fixing measure and a dangerous experiment which would put the government in the farming business.

Political observers saw in Mr. Coolidge's action an answer to the riddle of 1928. Approval of the bill, they asserted, would be tantamount to a declaration of his candidacy for the next Republican presidential nomination.

House Passes Bill
With the middle west aroused over the farm relief problem, a veto would boom the stock of two other presidential aspirants, Ex-Governor Frank Lowden of Illinois and Vice President Charles G. Dawes, it was predicted.

An alternative course open to the president is to permit the bill to become a law without his signature, but few believe that he will adopt the negative course.

The bill was passed last night by the house, 214 to 178, after a spectacular fight of nine hours, in which the farm bloc rode down all opposition. The margin of victory, 36 votes, was about what had been anticipated, and it is too small to permit of hope of re-passing over a veto.

Partisanship was badly split. The leaders in both parties voted against it. Generally, the lineup found the agricultural middle west and west in support, and the industrial east against it. The south was divided, but a majority of the southerners supported it.

What Bill Does
The bill, as passed is exactly as it came from the senate, thus it goes straight to the White House. Briefly it does this:

Creates a federal farm board, appointed by the president from nominees selected by farm organizations.

Lends \$250,000,000 to the board from the federal treasury.

Permits the board to declare an emergency exists in wheat, cotton, corn, rice, tobacco and swine, on approval of more than half the producers.

Permits the board to make agreements with co-operatives or processors to finance the purchase, storage or sale of the commodity to remove a surplus from the market.

Creates a stabilization fund for this purpose, provided by the levying of an equalization fee upon each bushel of cotton, each bushel of wheat, etc., which is sold.

Permits the board to insure producers against price fluctuations and loan money to co-operatives to establish terminal marketing facilities.

MARION COUNTY FARMERS MARKET THROUGH BUREAU
Report Shows Local Shippers Sent \$8,984 to Buyers During Year

Marion County livestock shippers sent products valued at \$8,984 to market through co-operative bureaus during January, according to figures given out today by E. G. Ketner, head of the Ohio Farm Bureau Federation in Columbus. This value covers 95,080 pounds of stock shipped, most of it to the Cleveland markets.

More than 19 per cent of the total value of livestock shipped during the month went through co-operative marketing channels according to Ketner. Hogs held first place in the market shipments, with sheep next, and cattle and calves last.

Social Activities

MRS. C. J. ALTMAYER, Mrs. Laura R. Smith, Mrs. George E. Frank, Mrs. E. W. Wood, Mrs. George B. Knapp, Mrs. Maudie Strelitz and Miss Emma O'Brien, members of the social committee of the Marion Club, will be hostesses at a one o'clock bridge luncheon, Thursday at the Club. Wives of the members and house guests will be entertained. Reservations will be accepted at the club not later than Wednesday.

MISS ELIZABETH HINKIN entertained at a luncheon shower and bridge last night at her home, E. Church-st., accompanied by her sister, Mrs. Walter E. Hanks. Kathryn Burke received the award for the high score at cards. Pick and white predominated in the color scheme throughout the room and in the appointments for a buffet supper. Pick roses arranged with pink and white tulips centered the table in the dining room which was lighted with pink cathedral papers tied with white tulle. Miss Hinkin was assisted in the dining room by Mrs. Thomas H. Sutherland and Miss Thelma Green.

CARDS have been received here announcing the marriage of Miss Elizabeth Wilby Selby and Fred Hyde Oster, which took place Feb. 5, at Beverly Hills, Cal. They will make their home in Los Angeles. Mrs. Oster is the daughter of Charles H. Selby, formerly of this city.

Mr. and Mrs. A. Moore entertained at dinner.

A miniature reproduction of Washington crossing the Delaware arranged an attractive centerpiece for the dinner given by Mr. and Mrs. Alford Moore, Monday last night. Covers were placed for members of the Cro-tan-ent Club and their husbands. Hand-painted pictures of Washington marked the places and guest favors were in keeping with the anniversary of his birth. Later four tables were filled for bridge awards for the high score going to Mr. and Mrs. D. E. Montgomery. The next meeting of the club will be Thursday night, March 3, at the home of Mrs. E. W. Collins, Oliver-av.

Two Guests Enjoy Qai Vive Club Meet
Mrs. George Colless and Mrs. John Kegan were guests of members of the Qai Vive Club at a meeting held Tuesday afternoon at the home of Mrs. C. H. Hart, 211 E. Washington-st. Is It Your Back?

Lansing, Mich.—"I was having a lot of trouble with my kidneys, they were weak, did not function right at all, also had bladder trouble, would be disturbed several times during the night. This would break my rest. My back would be so sore and stiff in the morning I could scarcely straighten up. I took Dr. Pierce's Anuric Tablets and do not have to get up at night any more and my kidneys are acting in a perfectly natural way. I do not suffer any more with the backaches and highly recommend the 'Anuric' Tablets."—Mrs. J. A. Gordon, 700 Clark St.

WHY HAVE A
COLD?

Let Nature Help You Keep Free!

THE secret of good health lies in a fit body. It's the system that's tired and weakened that catches cold easily. Keep your stomach right, and let your system look after itself.

Dillingham's Plant Juice, the pleasant, natural remedy, will make your stomach do its work properly. See what Mr. James M. Penney of Cooper Hospital, Camden, N. J., says about Dillingham's Plant Juice:

"Two years ago my appetite left me, my stomach was weak, and what I ate would rot in my stomach for several days. Gas would build up so that I was forced to loosen my clothing to get relief. Mornings I would get up feeling more tired than upon going to bed. While on my first bottle of Plant Juice I felt a great deal better. Today I never have the least bit of bother with my stomach. When I go to bed now I don't know a thing until I am called in the morning, and then I just feel as bright and sound as a brand-new dollar."

"As bright as a brand-new dollar!" Keep yourself feeling like that, and you can afford to laugh at colds.

Plant Juice contains nothing but the juice of herbs and plants.

Ask your druggist for the original Dillingham's Plant Juice, for over thirty years the safeguard of health.

Hollenbach and Mrs. Clifford McCoy received the guest award. Mrs. Fall was assisted in serving refreshments by Mrs. Bertha Selanders. The next meeting will be March 17 with Mrs. W. E. Fowler, Silver-st., at which time the members will join a quilt.

CLASS MEETS

Central Christian Church Group Holds Session

Mrs. Laura Burdge, Mrs. J. W. Thompson, Mrs. M. L. Buckley were hostesses to members of the Loyal Woman's Class, Central Christian Church, yesterday afternoon in the church parlors. During the business session a letter was read from a member, Mrs. Paul Robins. Decorations in keeping with Washington's birthday were carried out in the appointments for a luncheon served by the hostesses assisted by Mrs. Paul Ellis, Miss Dorothy Buckley and Miss Mildred Mulvane.

Mrs. Kyle Davis contributed a reading, "Washington's Birthday," and Mrs. Leslie Martin gave a reading, "The Revolutionary War." A reading, "Two Noted Statesmen," was given by Mrs. E. E. Schooley and Mrs. Ollie Schneider gave a reading, "The Lincoln Memorial." Mrs. Cass and Mrs. Caldwell contributed a vocal duet, accompanied at the piano by Mrs. Leslie Martin and Mrs. Lee, teacher of the class gave a discussion on "Ere." Quotations and brief sketches of lives of famous men and women born in the month of February were given in response to roll call. Plans were made for a St. Patrick's Day party March 17.

SEVEN CONVERTED

Number Respond To Call at Greenwood Evangelical

Seven conversions were made following the revival service at Greenwood Evangelical Church last night, at which time, Rev. R. A. Sain, who is conducting the revival, spoke on the subject, "Salvation from the Guilt, Power and Penalty of Sin." His text was taken from Ephesians, 2, 4 and 5. "But God, who is rich in mercy, or His great love whereof He loved us, even when we were dead in sin, has quickened us together with Christ," Philippians 2, 12 and 13. "Work out your own salvation with fear and trembling for it is God that worketh in you both to will and to do of His good pleasure," and Romans, 13, 11. "Now is our salvation nearer than when we believed."

A special number, "Wonderful Jesus," was sung by the choir. Reverend Sain will speak on the subject, "Sin," at the service at 7:30 o'clock tonight. The service Saturday night will begin at 7 o'clock.

OPEN REVIVAL

Women Evangelists Start Service at Holiness Church

Rev. Helena Saneholtz and Rev. Celia M. Bradshaw, women evangelists, opened a two-weeks revival at Holiness Church for their campaign here last night. An exceptionally large attendance was present.

Reverend Bradshaw spoke on the subject, "Mighty Things in Answer to Prayer" in which she said "Prayer is the secret way to win souls to Christ." Services will be held at 7:30 o'clock each night and will be open to the public.

JOINT SERVICES

United Brethren Society To Join in Prayer Program

Plans to join the other missionary societies of the city in a day of prayer at Calvary Evangelical Church Friday, March 4, were made at a meeting of members of the Calvary Missionary Society, United Brethren church, held yesterday afternoon at the home of Mrs. J. A. Greiser, 225 E. Washington-st. Mrs. P. H. Greiser presided during the singing program hour.

Mrs. P. H. Greiser recited a poem, "Let Us Give Thanks" after which Mrs. J. C. Holthoff gave a talk on the subject, "What Is a Thank-Offering?"

Mrs. C. O. Greiser discussed "Some Special Causes for Thank-Offering." This year, after which Rev. W. H. Howard, pastor of the church, gave an interesting talk on the subject, "What Should Be the Measure of Thank-Offering?" An offering, "As Unto the Lord," was given by Mrs. S. L. Dillinger with the assistance of Mrs. W. D. Scranston and Miss Katie Croner. A solo, "I Gave My Life for Thee" was sung by Miss Mildred Bolander. "My Jesus I Love Thee" was the title of a song sung in unison. Assistant hostesses were Mrs. P. R. Carrier, Mrs. Charles Eckenbarger, Mrs. C. A. Jones, Mrs. Perry Bank and Mrs. Florence De Lauder. The next meeting will be held March 10.

YOUR SICK CHILD
IS CONSTIPATED!
LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver, bowels

Give "California Fig Syrup" if cross, bilious or feverish

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Fig Syrup" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless, "fruity laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach, and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Fig Syrup," then see that it is made by the "California Fig Syrup Company."

Mt. Gilead High Defeats Cardington in Double Cage Bill

TEAMS HANG UP GOOD MARGINS IN TWO TILTS

Girls Double Score While Boys' Game Tally Is 19-7

Mt. Gilead, Feb. 13.—Mt. Gilead High school basketball teams were playing top ball last night and brought the 1927 season to a close with a double cage bill when they won both ends of a double basketball bill, when the girls doubled the score on their opponents and won 16 to 8, while the boys swamped the Cardington lads 19 to 7.

Mt. Gilead girls played the type of game last night which has been desired all season. The guards were superb, Lemley and H. Wagner, who replaced her, allowed Hull, Janky center only two baskets. In the second quarter the counter also scored 15 points. The forwards passed well and their team work excelled that of any game this season.

Wieland made four points on fouls. Nichols caged three field goals and Loren also made three. D. Wagner and Rhodebeck were the other guards.

The boys' revamped lineup made necessary by the absence of White, who sustained a broken leg in the Crestline game, played real basketball. They outplayed the Big Red in every quarter of the game. The first quarter was a little slow, the score being two to one in favor of the Purple. There was no scoring in the second quarter except three points by Cardington.

Captain Zolman played a good steady game and was the leader throughout. Nesbitt showed up well, breaking up Cardington passwork. O. Thompson and Rhodebeck who have not been able to break into many games thus far, played a fighting game. Makeover, who was put out on fouls at the beginning of the second quarter, played well while in the game. L. Thompson played a real game in the second quarter while Shade was all over the floor and was a great strength on defense.

Jones, stellar Cardington forward, caged the only field goal for the losers. He also made three fouls, Russell made one and Smiley one.

L. Thompson was high point man with three field goals. Nesbitt caged two. Makeover, one, Shade two and Captain Zolman one field goal and one foul.

This was the fastest game of the season and attracted the largest crowd. Last night's game brings the season to a close with the exception of the county tournament next week.

Mt. Gilead boys defeated Cardington in two of the three games, while the Cardington girls have won two of the three.

KIWANIS MEET
Mt. Gilead, Feb. 13.—No speaker was secured for the weekly noonday luncheon meeting of the Mt. Gilead Kiwanis Club at the Globe Hotel yesterday. The meeting was devoted to business, discussion and singing.

Clever Musical Comedy is Presented at Galion High

Galion, Feb. 13.—Spring came to Galion last night with the presentation of a sprightly and picturesque musical comedy, "Springtime," given by students of the Junior high school and sponsored by the parent-teacher association. A cast of more than 150 took part in the performance, which was delightful and interesting to the audience.

Beautiful scenic effects and lively music added charm to the affair and the story of the play was especially well adapted to the abilities of the youthful actors. The comedy was three acts and four scenes and presents an interesting contrast of the girl of today and the girl of the past.

The musical numbers, solos, duets and ensembles added much to the presentation and the old fashioned costumes of 1908 and 1909 lent a quaint touch to the delightful story. Leading parts were taken by Martha Goshorn, Marie Myers, Leola Riddell and Tom Larson supported by a number of capable minor characters and dancing groups. The entire production was well cast and trained and is the biggest dramatic enterprise undertaken by younger students for a number of years.

"Springtime" was produced by the John B. Rogers Co. of Victoria and was personally directed by Miss Leona M. Artley. Pauline Young, high school senior was pianist of the occasion, and an orchestra of students of the music department assisted with the musical arrangement.

The final performance will be given tonight.

GALION KIWANIS CLUB HOLDS LADIES' NIGHT

"Dusty" Miller Delivers Principal Address on Program Following Dinner

Galion, Feb. 13.—One of the most enjoyable of Galion Kiwanis affairs occurred last night at the Masonic hall when a large number of members and friends enjoyed a dinner and special program. The event was one of the ladies' night affairs which are so popular with members and surpassed any other in interest. At 7 o'clock a three-course dinner was served in the dining hall which had been decorated for the occasion. Ladies of the Aid Society of the First Methodist Church served the dinner and assisted with other arrangements.

Following the usual session of Kiwanis songs presided over by President Dale Strother, the speaker of the event, "Dusty" Miller, was introduced in fitting manner by E. P. Moore.

Miller's talk was humorous and entertaining but carried a real reason for all and presented a new and optimistic philosophy of living.

The dance following lasted until a late hour, music furnished by a high school orchestra.

COUNTY AUDITOR FRY REFUSES COUNCIL PLEA

Bucyrus Official Says He Will Not Collect Taxes on 1926 Duplicate

Bucyrus, Feb. 13.—County Auditor Charles Fry will not grant the request of Bucyrus City Council that he collect the county's taxes on the 1926 duplicate declared last night. The declaration of Common Pleas Judge Walter Wright that Fry can and should collect the taxes on last year's figures and his refusal to quash the temporary injunction sought by County Prosecutor Louis Kreiter, is contrary to the ruling of the attorney general of Ohio, the auditor asserts and he will not proceed to collect taxes on the old valuation by the city council at its meeting this week.

MORRIS NEWS
Morrill, Feb. 13.—Mr. and Mrs. Eugene Harmon gave a Valentine party at their home, in honor of their daughter, Virginia, Monday night, from 4 to 7. The house was attractively decorated in keeping with the day. Games were enjoyed, and at six o'clock dinner was served.

Mr. and Mrs. Beeman Chantwood and daughter, Maude and son Hubert, of Aul, Colorado, Mr. and Mrs. Gene Winters and daughter, Mary Louise and son, Harry, spent Sunday with Miss Mae Hall.

Mr. and Mrs. Floyd Clinger and daughters, Mary Louise and Hilda Mae of Findlay, Mr. and Mrs. Sherman Baker and Sam Clinger of Marion, and Mr. and Mrs. Clarence Cook and sons, Lowell and Paul, spent Sunday with Mrs. Belle Clinger.

MARGARET WHITNEY WINS LINCOLN ESSAY CONTEST
Mt. Gilead, Feb. 13.—Margaret Whitney was declared the winner of the Lincoln essay contest, conducted in the fourth, fifth and sixth grades of the Mt. Gilead schools. A number of pupils submitted manuscripts and the best one from each grade was selected by the teacher of that grade. The three grade winners were judged by Gladys Garber Ganger, teacher of English in the Senior High School.

The winner of the contest received a bronze medal with the head of Lincoln. The medal was presented to her by Sup't. P. E. Arnold.

VALENTINE PARTY
Cardington, Feb. 13.—The losing side of the Ladies Aid of the St. Paul Lutheran Church, south of here, gave a Valentine party for the winning side Monday night at the home of Rev. and Mrs. Koepfling. Contests and games were enjoyed. Refreshments were served.

CAGE GAMES
Bucyrus, Feb. 13.—The Charleston, W. Va., V. C. basketball teams will play the local railroads at the high school auditorium tonight. A train load of fans is expected from the south.

FATHER, SON BANQUET IS HELD AT CALEDONIA

Gathering Addressed by Dr. E. Fledderjohann, Bucyrus Reformed Church Pastor

Caledonia, Feb. 13.—One of the annual events of the Caledonia Methodist Episcopal church and church, took place Wednesday night, when fathers and sons gathered in the large dining room of the church for an enjoyable banquet and program. A patriotic color scheme was carried out in decoration and in the three course banquet which was served by the Ladies Aid Society, the proceeds of which are to go to the three mission stations in Kenton, conducted by the Mansfield district of Methodist churches.

The program was as follows: Music by Caledonia Sunday school orchestra; remarks, M. D. Shumaker, talk, Rev. F. S. Fancher; correspondence, J. S. Lyon; music, orchestra; address, Dr. E. Fledderjohann; toast and cheer, Ray Lyon; American assembly; benediction, Rev. Fancher.

In the principal address of the evening Dr. Fledderjohann, pastor of the Reformed church of Bucyrus, voiced the opinion that the young folks of today are no worse today than they were fifty years ago in spite of opinions to the contrary due to the fact of the growth and development of the times.

Dr. Fledderjohann, in his address, stressed the value and necessity of cooperation between fathers and sons, in religious as well as the other fields of endeavor.

MAGNESIA BEST FOR GASSY STOMACH
Bisurated Magnesia Promptly Ends Gas, Sourness and Acid Indigestion

If everything you eat turns to gas and your stomach is a constant ferment of sourness and Acid Indigestion, taking a little pure Bisurated Magnesia after meals, for a while and get the immediate relief from stomach trouble this simple prescription unfailingly gives.

It is a serious mistake to seek relief from indigestion or a bad stomach by using pepsi, or other artificial digestants. You get relief but weaken the stomach and do not reach the cause which, nine times in ten, is simply "too much acid" in the stomach. Bisurated Magnesia, taken after meals, dissolves or neutralizes this acid, sweetens and cleans up the stomach, drives out gas and bloating and lets the stomach digest your food as nature intended without a particle of trouble.

Reliable druggists everywhere supply the genuine Bisurated Magnesia in both powder and tablets in sealed glass jars. Do not confuse with ordinary salts, lime or lump magnesia. Be sure to get Bisurated, which is not a laxative and is especially prepared for stomach trouble—Advt.

Build Strength In Place of Weakness

Perhaps you are one of many who are convalescing after
a troublesome cold or cough or possibly gripe and find
that your strength is at rather low ebb.

At such times it is all-important that you be well-nourished,
and nothing quite equals pure, emulsified cod-liver oil to help
build strength in place of weakness.

SCOTT'S EMULSION
OF PURE VITAMIN-TESTED COD-LIVER OIL

is the effective means that thousands use daily to help re-
establish health and vigor. Containing as it does a wealth
of health-promoting cod-liver oil vitamins it is the
very help the weakened body needs.

If you are convalescing from a cold, cough,
gripe or other respiratory infection—we
strongly recommend the regular use of Scott's
Emulsion for at least thirty days.

CELTICS WIN
Chicago, Feb. 18.—The New York Celtics were forced into an overtime period last night before they could beat the Chicago Bruins in an American League basketball game, 31 to 20. The game was tied 14 all at the half and 28 all at the close of the regular period. Five thousand fans—the largest crowd of the season—turned out to get a glimpse of the famous Celtics in action.

DENNISON AGAIN VICTOR
Cincinnati, O., Feb. 18.—Dennison University was a step nearer the Buckeye Association basketball championship today after shipping over a 29-24 defeat to Cincinnati University here last night.

FRANKIE'S KING
AT WINTER FAIR

Lake Placid, N. Y., Feb. 18.—Frankie Frisch may be just a second baseman and a private in the ranks when the big league baseball season is on, but he has felt the thrill of being king for a day. The former Giant, traded to the Cardinals for Rogers Hornsby this winter, served as king of the winter carnival here and carried off his part with much éclat—erasing a cap, funny headgear and the whole works, including a charming queen. His reign was unmarred by a revolt, financial crisis or well aimed snowball. Which should presage a big year for the Cardinals, or something.

HOWITZERS WIN OVER
AGOSTA LUNA QUINTET

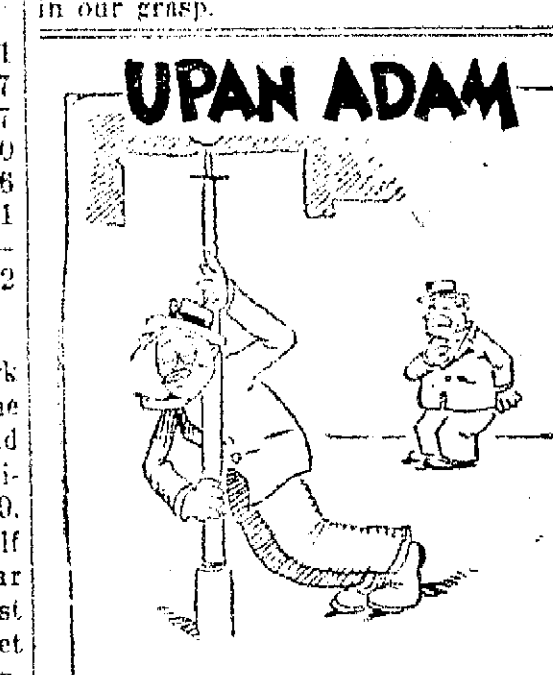

Final Score Is 26 to 23; Game Is Played on Agosta Floor

Howitzer Company basketballers last night defeated the Agosta Lunas 26 to 23 in a fast game played on the Agosta floor. Agosta was leading at the half, 11 to 10, but the scoring spirit of Bolton for the guardsman gave the local team a victory in the final portion of the tilt.

Bolton made five field goals and a free throw for 11 of the 20 points. Smith made two baskets, Travin scored three, Amick got one, and Kellogg connected for a field goal and free throw. Doblentz and Johnson starred for Agosta.

GIANTS GO SOUTH
New York, Feb. 18.—The advance guard of the New York Giants, consisting of four pitchers and a catcher, will leave here tonight for the New York training camp at Sarasota, Fla. The squad consists of Joseph Stryker, Virgil Cheever, Harry Courtney and Hugh McQuillan, pitchers, and Catcher Jack Cummings.

The wisest we are the more readily to we perceive that real happiness lies open wide the door to happiness. In our grasp.

"Wayne Wheeler tells me that a lotta guys who used to hanker for a pair of skates are glad to get one on now."

HARDING CAGERS
TO SHELBY FOR
LEAGUE BATTLE

Final N. C. O. Game on Richmond County Court Tonight

Harding High cagers left late this afternoon for Shelby. They will meet the Shelby High cage outfit on the Richmond County floor tonight in the last North Central Ohio League contest of this season.

The local quintet should return with a victory on the final trip this year. Shelby has not won a game this season and probably will not score a victory during the remainder of the schedule. Shelby first organized a basketball team only a few years ago and is not yet ranking among the leaders of the league.

Just who will start the game for Harding tonight is not known but it is likely that McAninch and Garret will fill the forward positions. Gillis will start at center, and Born and Shultz at guard. Gram and Gilmore will also get a chance, with Chuck Evans seeing action in the forward position before the final whistle.

Harding High has only one more game before the district tourney at Delaware on March 4 and 5. The Marionites will meet Delaware on the Delaware court a week from today in a return game. Delaware defeated the locals 19 to 13 here a few weeks ago.

OHIO STATE FIVE OCCUPIES STRATEGIC SPOT IN BIG TEN
Columbus, O., Feb. 18.—Out of the championship running itself as a result of three successive defeats, Ohio State's basketball team occupies a strategic position of championship-maker as the 1927 Big Ten race draws into the closing weeks. In the next 10 days the Ohioans have four games with leaders of the Conference pack, all but one of them to be played here.

Wisconsin, which has won five straight games, is first on the list. The Badgers are due here Saturday night for their second tilt of the year with the Buckeyes. They won at Madison early in the season, 26 to 16. Indiana and Iowa, also among the Conference "upper crust" follow the Badgers. Two games are on the books with the Hoosiers, the first next Tuesday at Bloomington, and the other, the last of the season for the Ohioans, here March 9. Iowa makes its customary visit here March 5.

Banking on "home floor" psychology, plus a determination to better their position in the race, the Buckeyes are in a position to make trouble for any or all of the three opponents named. By winning three of the four games, they can still achieve a mark of .500 for the year.

JESS WILLARD
IN REAL ESTATE

Los Angeles, Cal., Feb. 18.—The real estate business may not give you the turnover financial life that a heavy weight champion ship does, but it has other features that make up for that. Thoroughness, in the opinion of Jess Willard, for one thing the only rigid training is confined to the pen hand and the underjaw. So Willard, biggest champion the ring has ever known, is happy these days, selling lots here. He is in partnership with the man who managed him during his fighting days and Jess Willard helped him out of the ring after Dempsey had beaten him to a pulp in 1919—Ray Archer.

ANNUAL QUADRANGULAR
INDOOR MEET IN CHICAGO

Chicago, Feb. 18.—The fourth annual indoor quadrangular track meet participated in by Wisconsin, Chicago, Ohio State and Northwestern, will get under way at Patten Gymnasium, Evanston, tomorrow night. Interest centers in the relay races. They will include the mile, two and four mile relays, as well as a medley. Each school is represented by a host of good runners and hurdlers should be well scattered.

Genius and beauty are gifts, but a good heart is within the power of all to cultivate.

DAIRY QUINTET
LOSES ROBBINS
AND PHILLIANS

To Face Supreme Test Tonight Minus Two Best Substitutes

The Isaly Dairy basketball team will be minus Fred Phillians when they attack up against the noted Rosenblums in the Star auditorium tonight, but will probably be strengthened by the presence of Wes Griffin, star Blase College cage captain and former Isaly man. Griffin is a resident of Marion but is now attending Blase College at Columbus.

Fred Phillians, substitute forward, left Wednesday for California, where he will take up his residence. This means that the Isaly will be slightly weakened during the remainder of the season. Bruce Robbins also probably will not be here during the remainder of the season. Bruce has been transferred to Meadville from this city by the Erie Railroad.

The rest of the Isaly team, however, will remain intact, and will be seen in action against the Clevelanders here tonight.

Last Chance
It will be the first and last visit of the world champion basketball team in Marion this season. Local fans are being given the opportunity of a lifetime to see the noted Nat Hickley, Gil Ely, Cookie Cunningham, Dave Kerr, Marty Friedman and others on the hardwood court.

The Hoosier took the first American League basketball championship last year and were high in the first part of this season. After taking a slump a few weeks ago, the Cleveland club has pulled out of the hole and has been winning all its games this week, with the exception of the New York Celtic battle.

Honey Russell, well known cage star, has been sold to the Chicago club in the general shake-up being administered by the Rosenblums in preparation for a winning season from now on. Ely has been playing in Nat Hickley's place and Cunningham is starting at center.

Midways Vs. Lauer
The preliminary event tonight is in itself one of the greatest drawing cards presented to fans this season. The fast-stepping Midway until will clash with the Lauer Tailors of Prospect. Action galore, with thrills and excitement intermingled, is expected.

The Midways have not yet met defeat on the Star auditorium floor. The Lauer Tailors have not suffered a downfall this season. Just what will happen tonight is a matter of conjecture.

Wulfor and Cowell are the Prospect stars while Gelsler, Yazel, Merkle, Jonsson and Henry Rinnert compose the Midway team.

The first game will start at 7:15 with the Rosenblums and Dairy taking the floor at 8:15 o'clock.

Sure Way to Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. Then you destroy it entirely.

To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be lustrous, glossy, silky and soft, and

look and feel a hundred times better. You can get liquid arvon at any drug store and four ounces is all you will need. This simple remedy has never been known to fail.

JUDGE DEFENDS MODERN YOUTH IN HIS ADDRESS

L. B. McNeal Tells Parent-Teacher Council Boys Not Growing Worse

"I do not believe boys are any worse today than when I was a boy," was the statement of Probate Judge L. B. McNeal in his address before members of the Parent-Teacher Council at the meeting held in observance of Pioneer Day last night in the east assembly hall at Harding High School. Judge McNeal and Addison Bain, former secretary of the Toledo Newsboys' Association, speakers of the evening, discussed problems of juvenile delinquency and the recent juvenile crime wave in Marion.

The talks followed a brief business session of the council during which Mrs. H. T. Morgan, president of the organization, and vice president of the state organization, gave a brief sketch of the founding of the association and its growth. Announcement was made that Miss Caroline Clark, field secretary of

the Ohio Social Hygiene Council, would be the speaker for the next meeting March 11. Mrs. Morgan and Mrs. W. J. Wetzel will represent the council at the state meeting to be held next month at Lima. Mrs. Frank D. Anderson, Mrs. John Irvine, Mrs. J. E. McVinish and Mrs. J. M. Howland were appointed to serve on a new social hygiene committee.

Bain's Talk
Decreases in high wages paid boys during the late war, the automobile, luxury in parental governmental, sensational news and the unsupervised dance hall were among the things cited by Mr. Bain as causes of juvenile crime. "Automobiles furnish a young person to other cities where young people often find entertainment which they could not think of indulging in at home," Mr. Bain stated. "There probably are worse things in the world than dance halls," he continued, "but the unsupervised dance hall is a menace to a community." Mr. Bain stated he believed it was a fortunate thing for the Marion youths taken recently by police that they were found out before they were deeper in crime. He urged parents to know at all times where their children are and what form of entertainment they are pursuing.

Clara Truancy
Judge McNeal cited truancy as the beginning of crime in boys' careers and urged the cooperation of the parents and teachers in banishing this form of delinquency. "When a child is not in school without a legitimate cause for absence he is going to get into trouble," he said. "If a child is not in school or is going back in his grades it is

METROPOLITAN SINGERS PLEASE LARGE AUDIENCE

Concert Considered One of Best on Senior Class Lecture Course Series

One of the most delightful numbers of the lecture course sponsored by seniors of Harding High School this winter, was the musical program presented at the Star auditorium last night by a group of talented musicians and vocalists, known as the Metropolitan Singers and Players. An unusually well-filled auditorium heard the performance, which was complimentary to ticket holders, that is, had been added to the scheduled course since the sale of tickets.

The group consisted of two young Hungarian sisters, Misses Elizabeth and Yolande Garay, violinist and cellist, who have been in this country since May, as well as Misses Mabel Markle and Wilma Bonfield, sopranos; Miss Lillian Gaede, contralto; Mrs. Ellsworth Gilbert, pianist; Theo Penlan, tenor; Russell Haltenstern, baritone; and Ellsworth Gilbert, bass.

Show Ability
The program was presented in a most charmingly informal manner, all of the artists having attractive personalities as well as excellent ability to entertain.

The opening selection was a difficult number, "Hungarian Fantasia" by Elcar played by the Garay sisters on cello and violin with piano accompaniment. The entire company was presented in the second number, "Greetings to Spring," by Strauss, and a favorite selection, "By the Waters of Minnetonka," by Lieurance.

Theo Penlan, tenor, sang two solos, "Little Mother of Mine" by Burleigh and "Red Headed Song," as an encore, the latter, a humorous number, being especially well-received.

"The Viking Song" by Coleridge Taylor, and "Quintet from Lehngrin" were two selections beautifully sung by the group. "Old King Cole," a humorous number, and one of the cleverest of the program, was sung as an encore.

Two violin solos, "Berceuse" by Schubert, and "Hungarian Poem," by Hubay, were played by Miss Elizabeth Garay, violinist, with piano accompaniment.

"The Miller's Wooing" by Fanning and "Old Uncle Moon" were two light and varied numbers sung by the group. Miss Yolande Garay was heard in two beautiful cello solos, "Melody" by Rubenstein, and "Garotte" by Popper.

Two lively sacred selections, "Hark, Hark My Soul" by Schellay and "By the Waters of Babylon" by Gould, sung and played by the company, brought the program to a close.

Announcement Number
According to announcement made by Joe Kinnert, senior class president, Cecil Fanning and Ruth Dastin, vocalists, who were scheduled to appear here Feb. 8 and were unable to fill their engagement, due to Mr. Fanning's sudden illness, will present their number, and the concluding program of the course, Wednesday, March 18, in the Star auditorium. Both season and single admission ticket holders may reserve seats at 4 o'clock March 14, 15 and 16 at the High School or through any High School student. There will be no reservation fee.

Plans to Force Payment to Be Made Saturday
Prosecutor, Solicitor and Treasurer To Hold Conference on Tax Settlements

Definite plans for starting legal proceedings to force collection of the thousands of dollars in delinquent special assessments due this city of Marion from local property owners are to be formulated Saturday, according to a statement made today by Prosecuting Attorney Frank Wiedenmann.

The prosecutor, whose duty it is to start the action despite the fact that it involves the collection of city accounts, states that he expects to meet with County Treasurer James K. Messenger and City Solicitor George S. Sweeney, for the purpose of completing preliminary arrangements for the proceedings.

A large number of the properties charged with delinquencies have been certified to the state for non-payment of taxes. It is planned to start foreclosure suits against these properties and it is possible that the same procedure may be taken in connection with other properties which have not been certified to the state.

Whether foreclosure action is authorized by law against properties which have not passed to the state remains to be determined. In case there is no authority for such action, straight suits for judgment and collection will be brought. Then after judgments are obtained it will be possible to foreclose.

According to a recent statement compiled by County Treasurer Messenger, the special assessment delinquencies amount to more than \$40,000. It is believed that a large part of this amount can be collected through court action and thus provide the city with revenue that is now urgently needed for payment of bonds issued to finance the improvements for which the assessments were levied. Because of the delinquencies, the city's sinking fund revenue this year is approximately \$40,000 short of the amount needed to meet debt bills this year.

Plan Executions
Judgments were granted by the Common Pleas Court in a number of suits brought about three years ago to collect some of the larger delinquencies but these collections have never been made. Steps will be taken at once to levy executions against the properties, the prosecutor said today.

The various delinquent items range from a few dollars to several thousand dollars each and have accumulated during the last 15 years, 130 street improvement accounts being included in the list. Should the property owners refuse to settle voluntarily, a multiplicity of suits will be necessary. According to preliminary plans, suits to collect the larger amounts will be started first and a clean-up of the smaller items will follow.

HARDWARE DEALERS AT MEETING IN COLUMBUS

Marion Well Represented at Session of State Association

Marion has been well represented at the meeting of the hardware men of the state in Columbus this week. Sessions have been held at the Drexler Hotel in Columbus since Tuesday, and Marion hardware dealers have been in attendance at all the sessions of the Ohio Retail Hardware Association.

H. O. Crawbaugh has been at the meeting all week, and Lee Sellers and Floyd Harris attended yesterday and today. Arthur Van Atta and Russell Luke from the Van Atta Hardware Co. attended Thursday and Friday, and W. S. Weaver, of that organization was at the meetings Wednesday.

G. A. Thibault, A. E. Mautz and H. J. Mautz, of the Thibault and Mautz Co., have been there for several sessions.

J. C. Turner spent two days, Wednesday and Thursday, at the meetings. Displays of the latest hardware fixtures and appliances have been a feature of the meetings, which will close tonight.

REVIVAL SERMON
Capacity Congregation Attends Trinity Baptist Church

Rev. H. C. Gillespie spoke before a capacity congregation last night at Trinity Baptist church, at which a delegation of 30 members of the Richmond Baptist Church were present. He chose as his subject "Life Form Life" basing his message on the account of Elizabeth restoring to life the son of the Shunammite woman. He referred to the fact that when Elizabeth's staff was applied to the lifeless body it had no power but when the prophet touched the boy with his own throbbing life the youth was at once restored.

"And so must the forms of religion be vital, not mere shells with no power to restore life to those that are spiritually dead. Such restoration is effected only through contact with the life of Christ."

Mrs. Howard Temple and Mrs. Frank McDaniel of Richmond sang as a duet, "Sweeter as the Years Go By." Members of the Baptist Young People's Union and several of the young people's organizations of the church will attend in a body. Music will be furnished by the Sunday School orchestra and chorus directed by Paul Bishop.
